

Weekly Update

WEEK OF SEPTEMBER 27th, 2021

Agenda

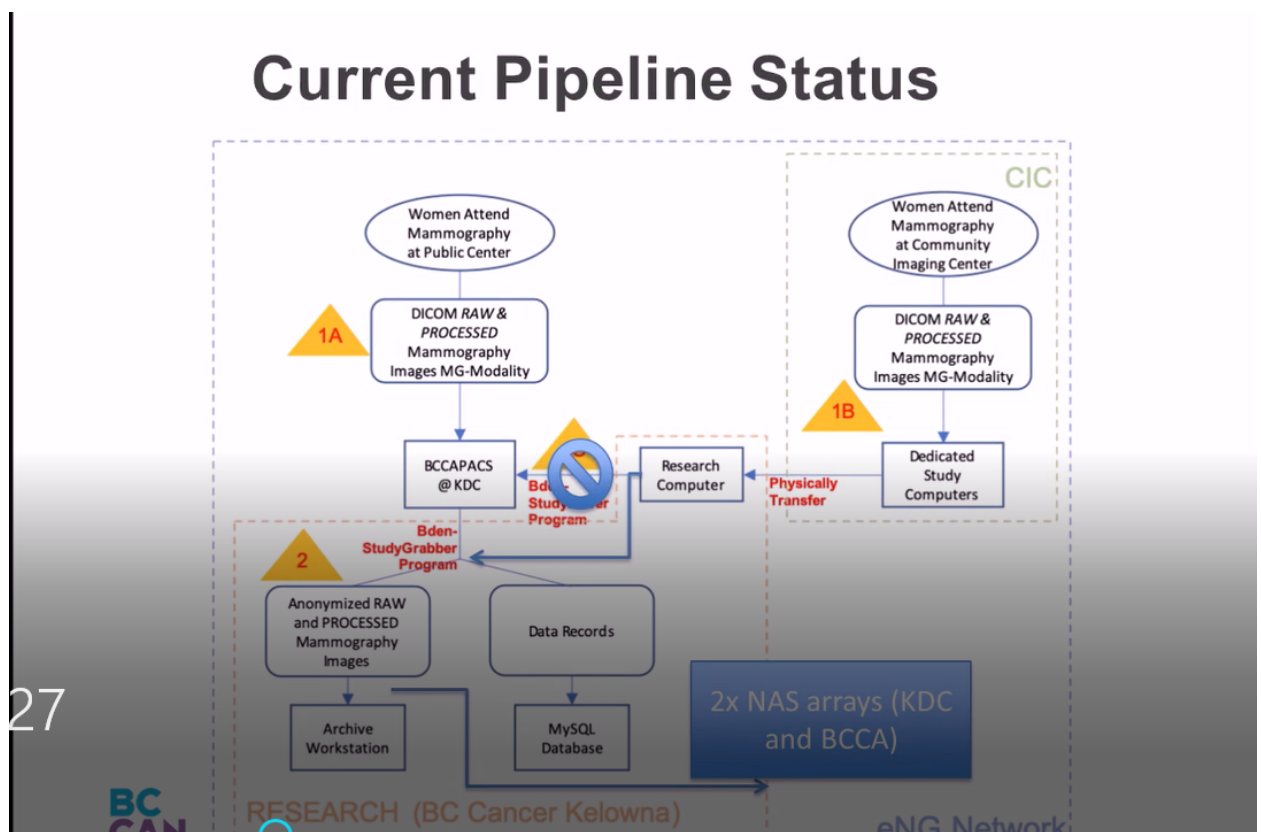

Project Kick off

- ☒ Meeting with Dr. Rajapakshe
- ☒ Github repository setup
- ☐ Project Requirements Specification
- ☐ Orthanc setup

Notes

Meeting with Dr. Rajapakshe

- General project overview

- Client requires a plug-in which automates the process of de-identify PHI from DICOM file to replace existing de-identification module, which requires manual input to function.

Action Items For Next Week

1. Set up Orthanc
2. Meeting with Dr. Rajapakshe (**Tuesday Sept 5th, 4:00 PM**)
3. Complete requirements documentation
